Professional Summary

- Experienced Flutter, React Native, and React.js Developer with 3+ years in mobile and web application development.
- Proficient in crafting high-performance, scalable, and secure applications across multiple platforms.
- Passionate about UI/UX design, API integrations, and state management, ensuring seamless user experiences.
- Adept at debugging, testing, and optimizing app performance to meet industry standards.
- Strong collaborator, working closely with designers, product managers, and backend developers.

Projects

Trackgee

- Developed a Flutter-based vehicle tracking & fleet management app with real-time monitoring.
- Implemented dashcam streaming, geo-fencing alerts, route playback, and distance calculation.
- Optimized app for minimal latency and enhanced security analytics.

Parent Control App

- Integrated live streaming, screen sharing, and one-way audio features for parental control.
- Enabled real-time geo-fencing alerts for enhanced child safety.

JCWhatsapp

- Built a messaging app with chat, media sharing, real-time communication via Firebase & Agora.
- Developed audio/video call functionality with call history tracking.

Travelory

- Designed an adventure tracking app for organizing memories with day-wise image uploads.
- Implemented multi-day trip management, video montages, and seamless cross-platform functionality.

Aicic

- Developed a feature-rich social media app with secure payments, messaging, and video calls.
- Integrated push notifications, global search, and an interactive user experience.

Experience

Blueheart Technologies Pvt Ltd (02/2022 - 04/2024)

- Developed and maintained React Native & Flutter applications with a focus on scalability.
- Collaborated with backend teams to integrate RESTful APIs and optimize app performance.
- Implemented Git-based version control and CI/CD pipelines for smoother deployment.

Concrete Software Solution Pvt. Ltd (07/2024 – 12/2024)

- Led the development of Flutter applications for enterprise clients.

- Optimized app performance through debugging, testing, and efficient state management.

Theranize (CraftPlatform Pvt Ltd) (12/2024 - Present)

- Working on cross-platform mobile applications using Flutter & React Native.
- Enhancing UI/UX experiences and ensuring efficient API integration.

Technical Skills

Programming Languages

Dart, JavaScript

Web Technologies

HTML, CSS

Frameworks

Flutter, React Native, React.js

Backend & Database

Firebase, REST APIs

Version Control

GitHub, GitLab

Certifications

- Navodaya's National Level Talent Search Contest : Secured 51th Rank in National Level
- React Native Advanced Developer Certificate (2023)

Education

- B.C.A (Dr. C.V. Raman University, Bilaspur - 2020 – 2023)
